## OBJECTIVE

In short term I am aiming to find a job and receive some work experience, and at the same time have some source of income. In the long run, I am hoping to continue my higher education in a privileged university; In order to gain sufficient computer skills and abilities for establishing a good career and future.

## EDUCATION

### 2009 – 2021

Graduated from Ghulam Haider Khan high school with 98% average on all subjects with honors

### January 2021-January 2022

Studied English and Computer at Ama e Shamal institute

### April 2018-July 2019

Scientific subject courses | Anis science educational centre

- Completed a math's course
- Completed a physics course
- Completed a chemistry course

### Jan 2023 –may 2023

Online computer science courses

## SKILLS

- Excellent language learning skills
- Proficiency in Persian language
- Low Pashto level
- Good analytical abilities
- Good learning pace
- Intermediate to advanced English level

## ACTIVITIES

My past and present activities consist of studying in different courses in subjects like math, physics, chemistry English and computer. I received 262 marks on national university admission exam known as "kankoor". I spend my leisure time on exercising in the gym or by reading books. My hobby is playing video games.
