ABDUL MATIN SABA

Senior Survey Engineer

EDUCATION

1996-03 – 2008-12

High School Diploma

Sayed Ahmad Makayee - Ghazni,
Afghanistan

2009-04- 2014-05

Engineering Geodesy

Kabul Polytechnic University

KEY SKILLS

Microsoft Office

AutoCAD, Civil3D, Revit Architecture,
ArcGIS desktop 10.6

GPS GR-5 Topcon RTK, GPS Hi Target
V90 plus, GPS Kolida RTK.

All type of Total Stations, theodolite,
Level Machine and other tools.

Mathematical calculations

Typing (Dari & English), Internet usage
and Web mail handling.

Languages

Dari & Pashto

English

Urdu

CERTIFICATIONS

English IRC system

GIS (version 9, 3) both theoretically and
practically.

CAREER OBJECTIVE

Engineering survey with 6+ years of experiences topographic survey, rout survey, collecting data, analyzing data and preparing maps and expertise in civil 3D and Arc Gis. Possess a **B.Sc.** in engineering geodesy. Looking to leverage my knowledge and experience into a role as Manager.

PROFESSIONAL EXPERIENCE

2013-07 - 2014-02

Site & Survey engineer

SCE, State Corps Engineering Inc, Kabul, Afghanistan

- Creating travers of rout, taking NSL of center lines and edges for quantity calculations, layout the center lines of roads for clearing and grabbing.
- Setting out, leveling and surveying the sites.
- Verify the accuracy of survey data, including measurements and calculations conducted at survey sites.
- Layout for culverts, washes, retaining walls and related structures.
- Calculate heights, depths, relative positions, property lines, and other characteristics of terrain.

2014-06 - 2015-04

Site & Survey engineer

KSCC, Kapisa, Afghanistan

- Checking of Excavation, leveling and line direction of Towers.
- Setting stubs of Towers and checking.
- Checking of chimney concrete and erection of Towers.
- Measured and marked property lines and key topographic features.

2015-12 - 2019-08

Site & Survey Engineer

URS-MEGATECH JV, Gardez_Khost, Afghanistan

- Topographic survey for TL and substations.
- Pigging and spotting of All towers.
- Layout and leveling in substations and installing the anchor bolts.
- Site grading, layout and leveling for buildings, roads and ditches.
- Quantity survey for all site materials and construction works.
- Used **Civil3D** and **GIS** software's to create detailed maps from raw field data.
- Read and used topographical data to complete analysis of land plots.

2020-3 – up to date

Survey Manager

ZNCC, SEPS Electrical project, Afghanistan

- Site grading and layout of buildings, roads and other structures.
- Calculate cutting and filling of grading plan at site.
- Pigging and spotting of transmission line towers.
- Processing topographic data and creating **CAD** and **GIS** files.
